STEEL STRIKERS' AIM

Russian unions which have been organized in the municipal Pennsylvania and Ohio steel districts are seeking to organize an "Industrial Soviet" in the United States, the Senate Committee investigating the steel strike was told yesterday by Jacob Margolis, of Pittsburgh who identified himself as an attorney for the I. W. W.

Frankly stating his belief that organized government is unnecessary, Margolis told the committee it had been the purpose to make McCrehead Hall, Pittsburgh, the headquarters for all radicals of all types, and that he had lectured there "on industrial production organization versus resolutions." He explained that he believed the ends sought should be obtained by peaceful methods.

YOU NEVER CAN
TAME A WILD CATMr. Dodson Warns Against
Use of Treacherous, Dangerous Calomel

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children, they like it.

Margolis said William Z. Foster, secretary of the steel strike committee, had sought to keep the radical elements behind the steel strike. He conceded that after a conference he had with Foster one night last May, the I. W. W., anarchist syndicalists and the Prussian Union threw all the support they could behind the strike.

Foster was described by Margolis as being really bitter against the I. W. W., but he conceded that the strike committee secretary had disavowed to him any responsibility for statements attacking the I. W. W., which were contained in a letter of the strike committee to President Wilson.

"Foster believed that he could still retain his integrity as a syndicalist while going into the American Federation of Labor and being a 'bore within,' as he put it," said Margolis. "I don't think he could."

"His idea was to retain his views, was it not, and get leadership in the American Federation of Labor

with which to forward them?" asked Senator Kenyon.

"Something like that," Margolis returned.

Margolis said the American Federation of Labor was "in a state of flux now."

"Out of the last 70 strikes in this country," he said, "62 were authorized showing the great dis-

affection within the ranks of older labor unions."

With the purpose of showing the interest of I. W. W. leaders in the steel strike, Chairman Kenyon read a letter written to Margolis by Vincent St. John, described as a former general secretary of the I. W. W., saying that the writer had seen Foster, that "things were stirring"

and that a successful strike could be organized.

"Are the I. W. W. involved in this proposed coal mine strike?" asked Senator McKellar.

"There are many of them in the mines," Margolis said, "but as a union matter it is purely under direction of the United Mine Workers."

VIRGINIA MONEY FOR VIRGINIA MANHOOD

GIVE UNTIL IT FEELS GOOD

The Y. M. C. A. is to greatly enlarge the scope of its work in Virginia, in the cities, towns and country districts throughout the State.

A working plan has been laid down whose benefits will be shared by every Virginia home. It is a program that makes for cleaner and better manhood a higher order of citizenship and happier homes throughout the length and breadth of the State.

Hon. Josephus Daniels, Secretary of the Navy, says: "The Y. M. C. A. makes an appeal and furnishes inspiration, instruction and education to young men which is invaluable. An investment in this service to young men will pay a dividend larger than we ever computed."

The new enlarged program of the Y. M. C. A. is heartily endorsed by good people everywhere. They are giving to the cause just as freely as their means will allow.

A large sum of money is needed to carry on this work. For this money an earnest appeal is made to all Virginians. It is a great and a noble cause, and every dollar—yes, every penny given will help the cause and will enrich the giver.

Your immediate section will at once become a center of Y. M. C. A. activity and will share in the fruits of this campaign. Will you not help make it a great success?

The campaign starts October 20 and closes October 30.
